

NATIONAL COALITION
FOR THE PROTECTION OF
CHILDREN & FAMILIES

Dear Counselor:

The *National Coalition* is a Christian nonprofit organization dedicated to move the people of God to embrace, live out and defend the biblical truth of sexuality. In response to those individuals and families impacted by sexual abuse, sexual addiction and pornography, *The National Coalition* provides a **Victim Assistance HelpLine (1-800-583-2964)**. **HelpLine** services include telephone counseling, educational materials, and other resources. In addition, we refer our callers to counselors or organizations in their communities for ongoing treatment and support. We also offer consultation to other professional organizations, clinicians and pastors regarding sexual compulsivity and abuse.

This letter is to invite you to become part of our referral network and a part of our database. Every day we receive calls from communities not yet listed in our network. Finding counselors who have experience in treating issues such as sexual addiction is important to our callers. Although there is *no cost* to be a part of this network, we ask that you complete both pages of the attached questionnaire and return it by fax to **513-521-6337**.

Our mailing address is:

NCFPCF
800 Compton Road
Suite 9224
Cincinnati, OH 45231

Your signature gives us permission to contact the references you have listed. Once we receive the completed references, we will notify you of your acceptance.

For more information about the *National Coalition* and the **HelpLine**, please visit our Web site: www.nationalcoalition.org.

Sincerely,

Sharon Borntrager, MA
Victim Assistance HelpLine Director
