

# NATIONAL COALITION FOR THE PROTECTION OF CHILDREN & FAMILIES

Moving the people of God to embrace, live out, preserve and advance the biblical truth of sexuality.

The National Coalition for the Protection of Children & Families is a nonprofit ministry dedicated to articulating, advancing and defending biblical truth in the areas of sexual morality, marriage and family. Established in 1983 and based in Cincinnati, Ohio, we are the largest pro-decency organization in America committed to recapturing a Christian consensus in matters of moral philosophy and related public policy. We work to engage Christians in the cultural battle by educating and equipping them with a Christian apologetic for chaste and moral relationships. With a more comprehensive understanding of the relevant cultural issues, the National Coalition hopes to invigorate Christians to become active in applying their faith in matters of public policy and moral debate related to sexual ethics.

The National Coalition was founded in the 1980's as the National Coalition against Pornography. When the internet came along, the triple "A" effect (availability – affordability – anonymity) of pornography changed forever our lives in the sense that it became available to anyone who has access to the Internet. Along with this change, came the realization that it was not enough to simply deal with the supply of pornography because what was driving the supply was the incredible demand (and that demand has proven to be in the church as well as out in the "world" in fairly equal numbers). We realized that we needed to expand our work to educate and equip the body of Christ to address and deal with the broader issue of Biblical sexuality which will lead the church towards an understanding of (or reaffirm) what it means to have a Biblical worldview.
